Dear Mr. Chan,

Greenpeace exists because people like you are willing to stand with us and make our work—and our dreams of a better and healthier future—a reality. Thank you for becoming a monthly donor and supporting our important work!

The world would be different without supporters like you donating to Greenpeace. During our 35-year history, Greenpeace got a global ban passed on nuclear testing and dumping toxic waste at sea. We brought about bans on commercial whaling, the clubbing of baby seals, and any mining and drilling in the entire continent of Antarctica. We helped to pass the ozone hole treaty, to ban drift-net fishing, and to draft the Kyoto global warming treaty that over 160 countries are implementing.

In the last year alone, Greenpeace convinced the U.S. government to save the polar bear by adding it to the endangered species list, persuaded Gorton's of Gloucester to end its role in lawless Japanese whaling, worked with top computer companies to phase out toxic substances in their products, and protected a part of the Amazon twice the size of the state of Maryland.

Your monthly gift provides us with the stable, long-term funding that we need to continue winning important environmental victories. Your monthly gift of \$15 will be automatically deducted from your account **around** the 15th of the month for credit and debit cards, and **around** the 20th of the month for direct debit (EFT) from bank accounts. Your first gift is debited within two weeks of signing up on the street. Greenpeace, Inc. is a non-profit organization. Because of our work for new laws and policies, contributions to Greenpeace, Inc. are not tax-deductible.

If any changes to your account are necessary, please call our special Supporter Services line at 1-800-722-6995 Monday through Friday between 9:30 a.m. and 5:00 p.m. EST.

Thank you again for giving us the ability to defend and protect the planet.

For a green and peaceful future,
