Re: Your Presentation to UCI's Teaching English Abroad Program

Dear Roy,

Thank you so much for your wonderful presentation last week to the students in UCI's summer intensive TEFL Certificate Program. The 25 students in the program were enthralled as they listened to you sharing your experiences as a teacher of English in China. As you know, all of these students are planning to teach English abroad – throughout the world - and many of them are hoping to do so in China and in other Asian countries as well. Therefore, they were all very eager to learn what you had to tell them about the ins and outs of international teaching.

Your presentation was well organized, dynamic and informative, and your style of delivery was engaging and accessible. All of the students told me afterwards how much they appreciated the opportunity to have you in our class as a guest speaker

I appreciate that you have offered to give future presentations in our TEFL program and will definitely call upon you to do so. I wish you well in your graduate studies in Hong Kong and will look forward to hearing more about your continuing experiences in the field of international education both as a student and as an educator – when next we meet.

Sincerely,

Lesley Clear, Ph.D.
