Roy Chan  
615 Stanford  
Irvine, CA 92612

UC Application ID: 3408639

Dear Roy,

Thank you for applying to the University of California for the fall 2007 term. This is the **final** request for additional information as we review your application. Our records show that you have not responded to the previous notification. We need the following information to complete the review:

- An updated list of your fall 2006 courses with all associated grades
- A list of any additional coursework in progress or planned through summer 2007

To update your information you will need your UC application ID number, which is listed above. Log on to our website and complete the Application Update form at:

[www.universityofcalifornia.edu/admissions/appupdate](http://www.universityofcalifornia.edu/admissions/appupdate)

You should complete an Application Update form as soon as you receive your final grades for your fall 2006 coursework. After your initial submission of the form, you can revisit the Application Update website to update any in-progress or planned coursework. Even if you do not have any in-progress or planned courses, or your record of course grades was complete in your original application, **you must still fill out this form.**

Please note that each campus and program may have additional procedures and requirements for handling Application Update information. Contact individual campus admissions offices with questions for specific campuses.

The Application Update form must be completed by **February 15** to ensure that your latest grades and in-progress or planned coursework are considered in the admissions process. However, **UC Davis** has a priority deadline of **January 31**. There is no guarantee that campuses will accept updates after their stated deadlines, and failure to meet the deadline may jeopardize your admission.

**UC Berkeley Applicants:**

UC Berkeley requires its applicants to complete additional forms, available at:  
[admissions.berkeley.edu/](http://admissions.berkeley.edu/)

The Berkeley forms should be completed in addition to the systemwide form. Applicants to Berkeley engineering majors have a **February 3** deadline. All other majors have a **February 15** deadline.

Thank you for your attention. We look forward to learning more about your progress.

Sincerely,

UC Central Application Processing Service
